

Celebrate the

# NEW YEAR

Make a Resolution to Save Energy and Stay Warm!

Learn how to build low cost interior “storm windows” that are reusable year after year. The units:

- Increase the R-value of your existing windows
  - Save energy and heating costs
- Increase comfort and reduce outside noise
  - Are inexpensive and easy to make
  - Easy to install from inside the house

**Saturday, January 9th / 9:30 a.m. – 3:00 p.m.**  
**Unity Center for the Performing Arts / 42 Depot St. / Unity, ME**

**Instruction Provided:** Instructors will provide formal training from 9:30 - 10:30 a.m. and will be available throughout the day to provide assistance.

**Build Your Own:** The Arts Center will stay open until 3:00 p.m. so you can construct your own units. Materials are provided at the center at cost. Finished product cost = \$1 per square foot.

**Homework Required:** Finished frames are designed to be installed from inside the home. Please measure length and width of the inside of all window frames that you plan to build units for.

**Call Ahead:** Let us know by January 8th if you plan on attending...please RSVP so that we can make sure we have enough materials and snacks on hand for all.

**Call 622-7847, ext. 4 or 948-9005 / Monday - Friday from 8 a.m. to 5 p.m.**

*A Great Way To Start Off Your NEW YEAR!*
